

MANAGED SECURITY ENGAGEMENTS & PRICING

Effective: September 2025 - Supersedes All Previous Versions

Ostra Plus™

“A complete managed security stack with strategic collaboration, threat alignment, and automation.”

Delivering cybersecurity operations with a full-service solution that covers the critical categories of cybersecurity for your business. Ideal for clients with up to 250 endpoints with limited internal IT and cybersecurity expertise (usually 2 or less dedicated FTEs) and staff.

- Businesses looking for cyber security done for them from start to finish
- Potential compliance needs and may have outgrown traditional consumer grade cybersecurity tools

Ostra Core™

“Targeted detection and response with managed EDR and hands-on SOC collaboration.”

Ostra Core gives you more than alert coverage – it gives you a partner in threat detection and response. We integrate seamlessly with your environment, deliver hands-on endpoint protection, and support your team with regular SOC collaboration. If you're ready to go beyond basic MDR and take control of your security operations without building everything in-house, this is your launchpad.
